In the columns of the Fall Mail Gazette it is announced that recent shows are very bad. Indeed, the authorities of Eton and Harrow have issued instructions that the pupils in these schools must not wear them, as they do not consider them either "becoming or dignified."

Estimates of the loss by the recent fire at Antwerp range from 25,000,000 to 35,000,000 francs. M. Corvina, proprietor of the carriage factory, is charged with homicide by imprudence. His defense is that the fire originated in the petroleum sheds and caused the explosion in the carriage factory.

Hon. McKENZIE BOWELL, Canadian Minister of Customs from Ottawa, accompanied by Deputy Minister, has started to drive along the boundary line as far as Fort McLeod to ascertain what measures will be necessary to prevent smuggling into Canada from Dakota and Montana. There will be a complete change of the customs system.

Mrs. G. H. DENFORD, the wife of a leading citizen of Reading, Pa., died the other day after being thrown into spasms while laughing heartily at a theatrical performance. Her artificial teeth were missing and a post mortem examination developed the fact that she had swallowed them. They were found lodged in her stomach.

LIEUTENANT SAMUEL A. SNAKE, U. S. A., who has arrived at Glenwood Springs from a trip to Route County, Col., where he investigated the recent Indian trouble, reports that few Indians to be found and that the small parties they claimed to be straggling about, but are really only a few hunters.

THE celebration of a religious festival at Hohok, Ind., the Massimians and Hindus became involved in religious disputes which led to rioting. The police were compelled to interfere to stop the fighting, but before they succeeded many of the rioters were shot by the officers. The Massimians at Delhi, forty-two miles northwest of Hohok, are organizing to avenge the insults put upon them by the Hindus.

JOHN GORDON, in the employ of the Lake George Paper & Pulp Company, at Ticonderoga, N. Y., fell asleep the other night near the machinery. The fellow-workmen, it is said, in a joke tied a rope about his feet and threw it over a shaft making 15 revolutions a minute. They could not cut the rope in time and Gordon was killed. One of the perpetrators of the joke lost his reason from the shock.

JOSEPH T. KELLY, son of Eugene Kelly, the well known New York banker, was blown from the platform of a car on the Delaware, Lackawanna & Western railroad while the train was crossing the Newark meadows. He was instantly killed, his head being crushed against a pile of ties. The wind was blowing a gale at the time. The deceased was about twenty-five years old and unmarried.

SECOND ARTHUR PATTERSON has issued a circular reciting the steady increase in the number of claims for back pay and bounty and the pressure to have claims made special. As this would work injustice to claimants without influence the Auditor says that these claims will be disposed of in the order of their filing, exceptions being made only when the claimant is in indigent circumstances and actually suffering for pecuniary aid, as certified by a responsible party.

THE Vossische Zeitung, of Berlin, publishes a complaint signed by a number of merchants of that city in which it is stated that Mr. Edwards, United States Consul at Berlin, subjects exporters to trivial vexations in the matter of verifying invoices, thus hampering trade with America. The merchants intended to call a meeting to protest against Consul Edwards' action and to request the German Foreign Office to intervene for the removal of the trouble.

REV. JONSON TISWORTH, of Milwaukee, Wis., was recently called on to marry Theodore Sato Tomagawa, of Tokyo, Japan, to Miss Catherine Ashmore Adams, of Chicago. After the ceremony the Japanese bride left for New York. It seems that Tomagawa has been in America for some years. Five years ago he was in Chicago as a teacher of the art of making Japanese embroidery. Miss Adams was one of his pupils and she fell in love with him. Her father is dead and her mother opposed the marriage. The end was an elopement to Milwaukee.
